

Associate Project Engineer/Manager (Job #A-495)

Phoenix

At Rick Engineering Company, our employees are our heart and soul. Nearly 85% of our employees have been with us for more than five years, putting us at the forefront of our industry in retaining staff. We attribute this success to our employee-focused company culture, in which we maintain an open-door policy for all staff.

Rick Engineering Company is a multi-disciplined planning, design and engineering company providing comprehensive services throughout the Southwest since 1955. We offer an excellent benefits package which includes over 3 weeks vacation the first year, 8 paid holidays, an alternative work week schedule, 401K, profit sharing, health, dental, vision, and flexible benefits program.

We offer competitive benefits; salary commensurate with experience and abilities. Rick Engineering is an equal opportunity employer, women, minorities, persons with disabilities and Veterans are encouraged to apply.

Qualifications

Candidate will have a BSCE, Arizona PE Registration, plus a minimum of five (5) years of public works experience or the equivalent of ten (10) years of total work experience.

Candidate will be in responsible charge of project designs including preparation of plans, technical specifications, bid documents, and cost estimates. Required design experience includes municipal streets, drainage systems, water mains, sanitary sewers, ADA-compliant sidewalks, and other municipal infrastructure projects.

Candidates for this position must demonstrate independent thought and decision-making abilities, possess management and supervisory skills, and be adept in establishing and maintaining strong and positive working relationships with clients and public agency personnel as well as in-house professional peers.

Candidates experience must include the following: supervision of engineering designers (including daily assignments of work, review of work, and quality control), management of project schedules and budgets, preparation of contracts, fee proposals, and scopes of work, and significant experience in client and public-agency interactions.

Position generally requires extensive experience and demonstrated engineering abilities in all aspects of public works infrastructure projects and in interacting comfortably and productively with clients and public agencies.

To apply, email your resume to employment@rickengineering.com and include the Job Number in the email Subject Line. More positions available [online](#).
