<p>AUGUST 07 Kwik-Wall/Partitions and Accessories, BobbiJo Huskey, 602-390-3599</p> <p>“Acoustical Performances & Applications of Movable Wall Systems” 1 AIA LU with HSW</p> <ul style="list-style-type: none"> - To educate you in the terminology used in the movable wall industry - To provide you with the knowledge of the acoustics and applications of movable wall systems - To educate you in the basic types of movable wall systems available 	<p>AUGUST 14 Karndean Designflooring, Carrie Tull, 480-339-9247</p> <p>“Specifying Luxury Vinyl Flooring in Environmentally Conscious Design” 1 AIA LU with HSW, IDCEC</p> <p>Luxury Vinyl Tile (LVT) is an extremely versatile resilient flooring product that is commonly used both residentially & commercially, specifically in educational, healthcare and corporate settings where long lasting performance is key. This course will explore the performance benefits, design features & applications for LVT where durability, low maintenance, versatility, sustainability & affordability are desired or required.</p>
<p>AUGUST 21 Euclid, Amir Bonakdar, 323-775-3140</p> <p>“Concrete Surface Treatments” 1 AIA LU with HSW</p> <p>To achieve the best performance, concrete floors must receive surface treatment. This may include curing compounds, cure & seals, surface sealers, penetrating sealers (densifiers), epoxy coating and microtopping. Proper application of these products will provide high strength and durability, while improper use can result in dusting, staining, delamination and cracking. This presentation will cover various technologies, VOC regulations and specification aspects of concrete surface treatments.</p>	<p>AUGUST 28 Centria, Tim DeMonte, 858-602-9802</p> <p>“Fact or Fiction – Learning the Truth about Metal Wall Systems” 1 AIA LU with HSW</p> <p>This course explains the basic concepts behind exterior metal wall systems and their air, moisture and thermal performance. Throughout the course, facts and fictions about rainscreen systems, modular metal panel systems, insulated metal panel systems and insulated metal composite back up wall systems are explored. Information is provided on aesthetic possibilities, manufacturing processes and trends with metal wall panel systems.</p>
