

Superintendent

Job Description

Canyon Building & Design is now hiring individuals looking for long-term employment.

ABOUT US:

Canyon is a general contractor and design-builder which has served nation-wide clients for nearly 20 years. We complete a variety of construction projects from schools, auto dealerships, hotels, multi-family housing, and more. We pride ourselves on a work culture that values career longevity, the opportunity for advancement, and a “team player” attitude.

ABOUT THIS POSITION:

We are hoping for candidates with 10 years of relevant experience with ground-up construction and multi-story buildings. Applicants need to be available to work some weekends and overtime. They also must complete a pre-hire drug screening.

They must be able to facilitate the project using Outlook, Word, Excel, and Procore. Applicants should be capable of producing RFI's and other contract-related documents. They must also be able to review plans and contract documents to insure conformance and to identify and eliminate conflicts.

Candidates must be responsible for the day to day activities related to the construction of commercial buildings and be able to schedule and forecast trade activities. They must also be prepared to conduct regular safety meetings, ensure compliance with local state and federal regulations, and assist with pre-task planning. Having construction management education is a plus but is not required.

BENEFITS:

Competitive Pay
Stable Full-Time Employment
All Local Work (No Out-of-State Projects)
Opportunity for Growth/Advancement
Health, Dental, Vision, and Life Benefit Options
Paid Time Off (After 90 Days)
401k Matching
