

Construction in Training Program

habitatcaz.org

Producing the next generation of highly skilled craft construction leaders by bringing people together to build homes, communities, and hope.

get involved

As a partner you will:

- Work with Habitat to affect industry change and labor shortages
- Identify future construction leaders
- Invest in materials necessary to build Habitat Homes
- Have opportunities to work on site with program participants
- Help stabilize the community through the creation of housing and jobs

Sponsor Recognition opportunities available

graduates earn

- Leadership and soft skills training
- NCCER - National Recognized Construction Certification
- OSHA 10 Training Certification
- Job Placement opportunities with Arizona's most reputable Construction Companies
