

## **PROJECT TRANSPORTATION ENGINEER - ROADWAY**

### **Company Description**

We are Olsson, a team-based, purpose-driven engineering and design firm. Our solutions improve communities and our people make it possible.

Our most meaningful asset is our people, and we are dedicated to providing an environment where they can continue to learn, grow, and thrive. Our entrepreneurial spirit is what has allowed us — and will continue to allow us — to grow. The result? Inspired people, amazing designs, and projects with purpose.

### **Job Description**

Are you a dedicated, hardworking professional in transportation engineering and project management? We're seeking a dynamic Project Engineer with a passion for positively impacting communities through innovative transportation solutions.

As a Project Engineer for our Roadway group, you'll drive our transportation projects, leveraging your expertise to lead diverse engineering and project management tasks. Your advanced techniques, critical decision-making, and collaboration will shape infrastructure projects, offering valuable experience in a creative and collaborative environment.

#### Primary Duties and Responsibilities:

- Lead transportation project evaluation, design, and construction for successful execution.
- Refine project scope and schedules through collaboration with project team members.
- Prepare comprehensive project documentation, including specifications, manuals, and permits.
- Serve as the resident project representative, ensuring compliance and high-quality standards.
- Review shop drawings, assess alternative designs, and communicate requirements to contractors and clients.
- Foster strong client relationships to fulfill project needs effectively.
- Mentor and supervise junior staff, contributing to their growth and development.
- Utilize Open Roads Designer software and standard engineering techniques to deliver exceptional results.
- Engage in continuous learning, seeking guidance on complex projects for professional growth.

- Play a vital role in marketing and business development, including proposal writing and client engagement.

## **Qualifications**

### **You are passionate about:**

- Working collaboratively with others.
- Having ownership in the work you do.
- Using your talents to positively affect communities.

### **You bring to the team:**

- Strong communication skills.
- Ability to contribute and work well on a team.
- Excellent interpersonal and problem-solving skills.
- Bachelor's degree in engineering.
- Registered Professional Engineer (PE) with a minimum of six years of full-time engineering experience.
- Proven experience and proficiency with Open Roads Designer software.
- Solid understanding of standard engineering techniques, procedures, and codes.
- Strong project management and organizational skills.

## **Additional information**
